Dear Dr. Cipriano Sánchez García:

At the October 18-19, 2024, meeting of the Board of Directors, the National Architectural Accrediting Board voted to approve the visit one report regarding the application for International Certification of the Bachelor in Architecture degree (426 credits) offered by the Faculty of Architecture at Universidad Anáhuac México.

Universidad Anáhuac México's professional architecture degree program can proceed to visit two in NAAB's International Certification process.

Visit two will tentatively be scheduled for fall 2025. The team for visit two will consist of two members, one educator and one practitioner. NAAB must receive the Program Self-Evaluation Report at least 150 days before the visit.

The visit will be conducted under the Conditions and Procedures for International Certification, in effect at the time of the visit, available on [NAAB's website](https://naab.org).

We look forward to continuing to support the architecture program at Universidad Anáhuac México in the NAAB International Certification process. Any questions you may have should be sent to international@naab.org.

Sincerely,

Stephen Schreiber, FAIA, NCARB, DPACSA
President
