Master's Program

Welcome to our Master's Program

Embark on a transformative journey in Bioethics with the [Online Master in Global Bioethics \(M.S.\)](#), a program jointly presented by the School of Bioethics at Anahuac University, México and co-sponsored by the School of Bioethics at the Ateneo Regina Apostolorum, along with the UNESCO Chair in Bioethics and Human Rights in Rome.

Why Choose Our Program?

In today's world, marked by diverse religious beliefs, cultural nuances, and ideologies, our Global Bioethics program serves as a bridge between secular perspectives and faith-based values. We champion a holistic, person-centered, and intercultural approach to bioethics.

Experience international diversity as you engage with students from various countries, professions, and backgrounds, fostering a truly global perspective.

Our comprehensive, practice-oriented curriculum covers vital bioethical topics. Access study materials through a user-friendly online platform.

Learn from international experts in health sciences, philosophy, theology, law, and bioethics, ensuring a global view of the subject.

Commitment to Equality:

We are committed to bridging global disparities. Students from low and lower-middle-income countries, as defined by the [World Bank](#), receive substantial financial assistance. Tuition fees from higher-income countries support this noble endeavor.

Career Opportunities Await:

Graduates can pursue doctoral studies with our sponsoring institutions. They find opportunities in healthcare, ethics committees, policy centers, international organizations, bioethics centers, pharmaceutical companies, research institutions, medical schools, and more.

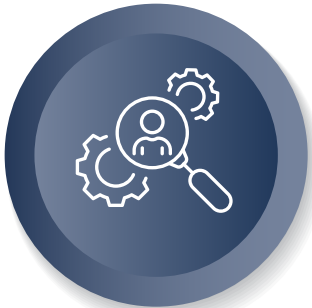

Learning Outcomes:

Engage in **interdisciplinary and cross-cultural dialogues** regarding the globalized nature of bioethics through both secular and religious approaches.

Through philosophical and scientific reasoning, **defend the dignity and rights of the human person** from beginning to the end in different social and political realities.

Identify, research and critically analyze **emerging issues in biomedicine, biolaw and social ethics** to develop sound and professional responses.

Participate in **ethics and research committees** to recommend practices, policies and protocols from the perspective of global bioethics.

Flexible Learning:

Our Master's program is designed for working professionals, **entirely online**, and typically spans 2.5 years.

Degree and Credits granted

The **Anahuac University** grants 90 Mexican Credits as a Master's degree.

Ateneo Pontificio Regina Apostolorum grants 60 European credits (ECTS).

This program involves 1,530 hours of student work, comprising of 18 courses of 5-week modules.

Evaluation Methods:

We use a combination of assessment methods, providing immediate feedback to students through quizzes, projects, papers, and more.

Application Process:

To join, applicants need a recognized Bachelor's Degree. Tuition is \$1,000 USD per course, with an \$850 USD one-time degree certificate fee. [+](#)

Join Our Global Community:

Our program attracts students from 32 different nationalities, representing a wide range of religious affiliations, professions, and academic backgrounds.

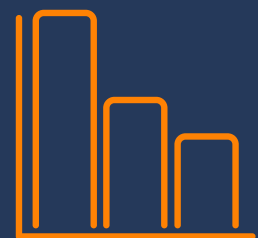

Invest in Your Future:

With a Master's in Global Bioethics, you can make a meaningful impact in healthcare, ethics, policy, and beyond.
